Art Unit: 3781

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 4 is rejected under 35 U.S.C. 102(b) as being anticipated by Rosler(US 4046279). With respect to claim 4, Rosler discloses the following:
•Connector means 18 with a reduced section (conical portion of 18) wherein said connector means is inserted into an elongated container with the reduced section positioned at the opening means (19) of the container.

Claims 4-5 are rejected under 35 U.S.C. 102b as being anticipated by Wagner (US 4326548). With respect to claim 4, Wagner discloses a short section of material with a reduced section (the reduced conical portion of 26 at the opening) positioned at the opening means of the container, wherein the connector means retains the section of the container 14, that will be broken off. With respect to claim 5, Wagner discloses an elongated protrusion 20 directed away from the portion of the container that will be broken off, that can be used as a toothpick.

Applicant's arguments filed March 16, 2007 have been fully considered but they are not persuasive. The reduced portions of Rosler and Wagner are between the two ends of a short section of material.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 3781

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
